Resident of the month: PJ

I chose to live in this community because it offers a reasonable price, a gorgeous property, and it's really close to my family — which is so important to me. One of my favorite things about being here is the friendship. Everyone is warm, welcoming, and it truly feels like home. I've lived most of my life down South, where my husband and I had cows, horses, and about 1,000 acres. He was in agriculture, and we were both involved in rodeo and flag racing — we even helped start the Rodeo in Cross city . Life was full of hard work and fun, and sometimes the nearest doctor was 50 miles away! I remember having to move the cows and horses and even scaring snakes away before we got in the river. Arkansas Valley will always hold a special place in my heart.

What I enjoy most about being 55+ is the freedom — nobody cares what you do, and that's the best part! You get to enjoy life, relax, and appreciate every single day.
